

Student Investigation Worksheet

Student Name: _____

Date: _____

1. Collect and Identify:

Organism	Number Found	Pollution Tolerance

2. Analyze Your Evidence:

How many different **sensitive** species did you find? _____

How many different **tolerant** organisms did you find? _____

Determine Your Stream's Water Quality

☐ **Healthy Stream**

Several sensitive organisms, higher biodiversity, and a balanced community

☐ **Moderately Impacted Stream**

A mixture of sensitive, moderately tolerant, and tolerant organisms

☐ **Polluted Stream**

Few sensitive organisms and many tolerant organisms

3. Support Your Conclusion

We think our stream is _____ because:

Evidence #1:

Evidence #2:
